CHERITON BISHOP & TEIGN VALLEY PRACTICE

PATIENT GROUP

WHO ARE WE

- A group of fellow patients from within the practice area, working hand in hand with the surgery.
- Providing communication between patients and the surgery.
- We meet bi-monthly to discuss any concerns that have arisen from either the patient or from the surgery.

HOW DO PATIENTS BENEFIT

- Have a better understanding and knowledge of how our surgery works.
- Improved communications with patients and practice.
- Ensure patients view will be represented.

WHAT WE CAN NOT HELP WITH

- We are not a forum for individual medical concerns.
- All medical concerns are dealt with directly through the Practice Manager or a GP.

OUR AIM

- Provide two way communication between registered patients and the practice
- Provide feedback on patient's views and constructively challenge how healthcare is provided
- Develop projects to meet the needs of fellow patients
- Provide a means for patients to make positive suggestions about the practice & their own healthcare
- Help establish self help groups.
- To treat any enquiry in strictest confidence.
